Chapter Mission Statement

"To provide our chapter members with opportunities for education, resource sharing, advocacy, and professional networking as well as to promote and advance the profession's ethics, responsibilities, and expectations for the work of our practitioners as a service to our communities."

— Adopted by the Central Oklahoma Chapter, October 2, 2003

Speaker Biography— Jayson Street

Jayson is well versed in the ten domains of Information Systems security defined by the International Information Systems Security Certification Consortium ([ISC]2). He specializes in intrusion detection response, penetration testing, and auditing. He also has a working knowledge of the implementation and administration of major firewalls, vulnerability scanners, and intrusion detection systems.

Jayson has created and conducted security awareness training for a major Internet bank and has created security policies and procedures currently used by several companies. He also created and taught a three day training course on Intrusion Detection Systems for an undisclosed government agency in Washington D.C.. A previous employer recently earned a #1 rating on a security audit by the OCC (Office of Comptroller of the Currency).

His consultation with the FBI on attempted network breaches resulted in the capture and successful prosecution of the criminals involved. In 2007 he consulted with the Secret Service on the WI-FI security posture at the White House. At the request of the FBI, he was a guest speaker at the INFRAGARD 2004 wireless conference where he presented the current status of the hacking underground. In addition, he's addressed issues concerning wireless security and some solutions to secure it. In June of 2005 he discussed the challenges of getting upper management buy-in at the University of Advancing Technologies Tech Forum.

Upcoming Training Opportunities

Register at <http://isaca.brighttalk.com/upcoming-events>. Archives of older e-Symposia are also available to members, and qualify for 3 hours of CPE each.

President's Message

All,

As we move into this new year with conclusion of our scheduled meetings around the corner in May 2009, it is now time to give consideration to selecting a Nomination Committee. If you are interested in being a part of this process, please respond in email to the board. Our educational coordinator, Cory Nance, has been working to establish a variety of training for this Spring planning to conduct half-day and one day sessions.

Stay tuned for near future announcements.

Regards,

Lisa Moorner, CISA
