Chapter Mission Statement

"To provide our chapter members with opportunities for education, resource sharing, advocacy, and professional networking as well as to promote and advance the profession's ethics, responsibilities, and expectations for the work of our practitioners as a service to our communities."

—Adopted by the Central Oklahoma Chapter, October 2, 2003

President's Message

Welcome back! I am honored to have been elected our chapter's president for this upcoming year and I am looking forward to serving you. Evon Sallee's accomplishments are a hard act to follow. Evon, on behalf of all of us, thanks for your time and dedication over the last several years.

Our Board charter is to provide the educational and professional opportunities you, our membership, want. Since taking over as President of our Chapter last year, the Board and I have looked for more ways to add value to being a member of ISACA. To that end, your board has met on two occasions this summer to bring you an exciting and educational year.

It is comforting to note that a number of folks continue to serve the chapter, bringing continued stability and seasoning. Additionally, there are a number of new volunteers to the board who we are looking forward to getting to know and who I am sure will bring new ideas to the chapter. And as always, we hope that the membership who we serve will continue to thrive and provide the energy and excitement that many of us on the board have come to appreciate. To that end, please don't hesitate to contact me or any of the board members to vocalize your opinion on any issue or volunteer your time to any of the efforts underway in the chapter. With your participation I am confident that this year's chapter activities will be a rewarding experience. Our goal as a chapter leadership is to provide opportunities for our members to learn and grow. Hopefully, together we can accomplish that objective and have a lot of fun along the way!

In addition, we are truly fortunate to have our chapter web site managed by Tim Roberts. It looks like our web site has earned another gold medal from ISACA. Great job Tim! You can visit our web site at <http://www.isacacentralok.org/> and the ISACA international web site at www.isaca.org.

Lastly - I want to thank the Board for the work they have done this summer to create a foundation for another successful season of Chapter meetings, training and educational opportunities.

Best Regards,
Larry Saxon, President
