Chapter Mission Statement

“To provide our chapter members with opportunities for education, resource sharing, advocacy, and professional networking as well as to promote and advance the profession's ethics, responsibilities, and expectations for the work of our practitioners as a service to our communities.”

—Adopted by the Central Oklahoma Chapter, October 2, 2003

Speaker Bio - Jon Huntington

Oklahoma State Bureau of Investigation, Deputy Inspector

Jon Huntington has been with the OSBI for 19 years. In 1984, he received his Bachelor of Arts degree in Criminal Justice and Computer Science at East Central University in Ada, Oklahoma. In 1986, he received his Master's of Arts Degree in Criminal Justice Management at (UCO) Central State University in Edmond, Oklahoma. He has received computer crime training from various professional organizations such as the International Association of Computer Investigative Specialists (IACIS), National White Collar Crime Center, SEARCH, and Internet Crimes against Children. Huntington has received his professional certification as a Forensic Computer Examiner through IACIS. Huntington has testified in court as an expert witness in the field of Computer Forensics. Huntington has taught a semester long computer crimes course at Rogers University, Claremore, Oklahoma as well as several computer crimes courses for CLEET. Huntington is one of the founding members of the Oklahoma High Technology Crime Investigators Association (OHTCIA) which consists of Federal, State, and local law enforcement officials who deal with computer related crimes across the state of Oklahoma and nationwide. Huntington is now the Supervisor of the OSBI Computer Crimes Unit working in Oklahoma City, Oklahoma. In addition to being a Forensic Computer Examiner, Huntington is an OSBI polygraph examiner and CLEET firearms instructor. Huntington is married with two daughters and one grandson.

Register now for the 2006 CISA/CISM exam!

The early registration deadline is February 8, 2006. (Payment must be received by the deadline discount.) Final registration deadline is April, 5, 2006.

Register online at <http://www.isaca.org>.

CISA/CISM Exam Review Course!

Our chapter will once again be hosting CISA and CISM review courses, tentatively scheduled for April 8-9. We also need current CISA/CISM volunteers to present at the course.

Contact Evon Salee (salleen@oge.com) for more details.

Name the Newsletter Contest!

As ISACA has changed the organization name and no longer uses IS Audit, the board feels it is time for a new title for our newsletter. (Currently named IS Audit Controls, at the top of each page.)

In order to get member input on a newsletter title, we will be conducting a contest. All members are encouraged to submit ideas to Cory Nance (cory.nance@cancer.org).

The top three names, as voted on by the board, will be presented at the March meeting for a vote by the membership.

The submitter of the winning title will receive a \$25 gift certificate to a local business.

Send in those ideas!

President's Message

Dear members:

January was another joint session for us with the IIA group. We were joined by Scott Fern, Associate Legal counsel for the Oklahoma State University / A&M System who gave us an informative presentation covering the Liability for Hacking / Negligent Disclosure of Confidential Information. This annual joint meeting was again an overflowing success, with close to 100 people attending. Thanks to everyone who took time out of their busy schedule to join us.

In addition, January, ISACA introduced an updated ISACA logo and tagline to recognize the professional diversity of ISACA membership. The organization's growth in numbers and recognition during recent years has been impressive – it's not just for IT auditors anymore!

We are also planning a CISA instructional class to assist those CISA candidates who are taking the CISA in June. We would also like to determine the interest in providing a CISM instructional course for those candidates who may be considering CISM certification. Please contact Evon Sallee or me if you have any interest in the CISA, CISM or other membership questions.

We are always interested in hearing your ideas for programs and ways that we can make this chapter even more valuable to our members. Please feel free to contact me or any of our board members with your ideas. And if you have the time and interest in personally contributing to the chapter's growth and progress, we would welcome your involvement in a variety of positions that will need to be filled when we elect a new board in May of this year. Please think about what you want to see the chapter achieve and how you can help make it happen.

Larry Saxon, CISM, CISSP - President

SPRING Seminar!

Planning is underway for our Spring Seminar.

Topics under consideration include Oracle Auditing/Security and Intermediate IT Auditing.

Contact Debi Roy (droy@hertz.com) if you have seminar suggestions.

More information coming soon!
