## From the President

Hi Everyone,

Hope every one is working happily ever after. The best stories have a happy ending...I read each of these statements in the Internal Auditor magazine that came out this month and it made me really do some thinking about our Central Oklahoma Chapter. We have a great chapter with great and responsible members, but with the up and coming issues of officers and our greatest need for them for this next year we have not had the kind of response we need. Our chapter has made tremendous strides this year. We have created a Website to facilitate our members and to attract additional members. We have recently moved passed the

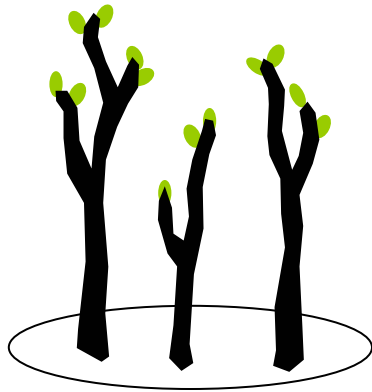

membership of being a small chapter to possibly being categorized as a medium chapter. We were awarded additional funding for promoting our chapter and our seminars and education chair has done a great job in securing additional training. We have a greater need for a variety of individuals to serve as officers this next year. Although our current officers are always willing to step up and serve, it sure would be a happy ending if we could recruit those who haven't served or those who haven't served in a while to contribute in this way. I want each and every one of our members to really ask themselves if they could fulfill one of these roles. If you need a job description we can provide

that. If you want to know all that's involved we can tell you first hand what our jobs entail. Please don't hesitate to call or email any current officer and let them know of your desire. You can even send in or make a note on your reservation for our next meeting if you have would like to be considered for an officer position. You won't regret ever serving as an officer. It's rewarding, and you are in the midst of all that goes with ISACA and our Central OK Chapter.

I look forward to seeing all of you at our next meeting and the Spring Seminar.

Thanks,

Sharon Nichols, President  
Central Oklahoma Chapter
