Chapter Mission Statement

“To provide our chapter members with opportunities for education, resource sharing, advocacy, and professional networking as well as to promote and advance the profession's ethics, responsibilities, and expectations for the work of our practitioners as a service to our communities.”

-- Adopted by the Central Oklahoma Chapter, October 2, 2003

President's Message

Dear Members:

It is time for the annual general meeting and to once again to wrap up another chapter year. May 1 is this year's final meeting where we will be electing the new 2008/2009 board members who will soon take over their new positions.

Before looking forward to next year, I want to take this opportunity to thank our current board members who have all worked hard and volunteered many hours of their time. They have all truly made our chapter a success. Over the past year, our membership has grown which is due to their efforts and contributions which provided us with quality speakers for each meeting, publish our monthly newsletters, coordinated excellent training classes, maintained the website, managed chapter funds and recruit new members.

I also want to thank you for the opportunity to serve as your president. It has been a pleasure getting to know many of you better during the past year, and I look forward to remaining in touch with you through my involvement in the years to come.

Best of luck to the new Board, have a great summer and looking forward to seeing all of you in September.

Best regards,

Lacey Cooper, CISA
President, ISACA Central Oklahoma Chapter

May Meeting Agenda

- 11:00 – Calvin Weeks (Auditing Data Destruction and IT Document Retention)
- 12:00 – Lunch/Chapter Business (chapter board elections)
- 1:00 – ISACA Jeopardy

ISACA Jeopardy

We'll be doing something a little different at our May meeting. Of course, we'll be voting on the 2008-2009 Chapter Board and even plan to have a guest speaker.... but, the final hour is ISACA Jeopardy! Categories include:

- Overview & History
- Certifications
- Benefits
- Professional Resources (e.g., COBIT, Val IT, etc.)
- IT Governance.

Everyone participating will need to pick up a numbered index card when signing in for the meeting. There will be a sheet with the numbers listed and you will need to print your name next to the number on the sheet that corresponds with the number on the index card. This sheet is to assist us with tracking points earned.

Rules

1. Wait until the question has been read before raising your hand.
2. The response does not need to be in the form of a question.
3. We'll do our best to watch for and select the first person to raise his/her hand (we'll have more than one board member and/or volunteer watching for the first raised hand).
4. If the response is wrong, then the first person again (not to be the one with wrong response) to raise his/her hand will have a chance.
5. No "shouting out" of answers (wait until called upon).
6. Points are not deducted for wrong answers (we'll have a board member and/or volunteer tracking of points for correct answers).
7. As we learn things about ISACA and ITGI while enjoying a game of jeopardy, let's be sure to keep the environment positive and fun with friendly competition.

Prizes:

- 1st Place: \$30 Best Buy Gift Card
2nd Place: \$20 Best Buy Gift Card
3rd Place: \$10 Best Buy Gift Card
